

Assessment Overview report

Topic information: State of Matter

Average score	33.00/100
Minimum score	33/100
Maximum score	33/100
Standard Deviation	0.00

Topic information: Phase Equilibria

Average score	33.00/100
Minimum score	33/100
Maximum score	33/100
Standard Deviation	0.00

Topic information: Atomic Structure

Average score	33.00/100
Minimum score	33/100
Maximum score	33/100
Standard Deviation	0.00

Topic information: Chemical Equilibria

Average score	33.00/100
Minimum score	33/100

Maximum score 33/100

Standard Deviation 0.00

Topic information: Kinetics

Average score 33.00/100

Topic information: Thermodynamics

Average score 33.00/100

Minimum score 33/100

Maximum score 33/100

Standard Deviation 0.00

Topic information: Catalysis

Average score 33.00/100

Minimum score 33/100

Maximum score 33/100

Standard Deviation 0.00

Topic information: Electrochemistry

Average score 33.00/100

Minimum score 33/100

Maximum score 33/100

Standard Deviation 0.00

Topic information: Molecular Structure

Average score 33.00/100

Minimum score	33/100
Maximum score	33/100
Standard Deviation	0.00
